Sentry 2000 Emergency Scrubber System

U.S. Patent 5,393,314

Sentry 2000 Emergency Scrubber System

The Sentry 2000 Scrubber System for chlorine and sulfur dioxide is one of the most advanced emergency scrubber systems available today. The world's foremost expert on gas scrubbing technology designed the horizontal packed bed scrubber, the only patented system on the market. The Sentry 2000 incorporates today's most advanced design and performance features.

Powell also offers a Sentry 150, a scaled down version of the Sentry 2000. Other smaller sizes are also available.
